University of Alberta Undergraduate working towards a Computing Science degree, with SIP designation

KEY ACCOMPLISHMENTS

Managed an end-to-end user experience for updating and maintaining the health and versions of plugins for QuickBooks Online

Created an AWS hosted, React and Node based web app backed by a Mongo database structure for Dungeons and Dragons 5E Dungeon Masters

Helped build a multi-threaded Java service to handle the bucketing and storing of RUM data records, which needed to process over 4 million records an hour

Managed a "Lunch and Learn" program at Intuit, where I would get speakers to give a 1 hour talk about various topics, including best-practices, presentation tips, and general computing knowledge.

WORK EXPERIENCE

Software Developer
Intuit Canada

01/2018 – 12/2018   *Edmonton, AB*

Achievements/Tasks
- Built and contributed to a platform for the storage and display of millions of RUM records
- Worked in React with a Mongo database
- Managed a dashboard to allow plugin owners to see the performance of their plugin, and update, monitor, and release the plugin as needed
- Interned as part of my Science Internship Program placement

Merchandiser
Coca-Cola Bottling Industries

04/2013 – 12/2017   *Edmonton, AB*

Achievements/Tasks
- Was responsible for filling shelves, building displays, and customer service
- Building displays that were sometimes over 20 feet tall required immense attention to detail
- Working independently was required for the job; self-motivation was a must for timely completion of work

PERSONAL PROJECTS

Easy-DM (10/2018 – Present)
- Successfully experimented in building from top to bottom a web app using a MERN stack, and deployed to AWS
- Users are able to find relevant information for combat in Dungeons and Dragons 5e; tailored to Dungeon Masters

SKILLS

JavaScript   C   MongoDB   Teamwork

React   Python   C++   SQL   Leadership

Full Stack Development   Game Design

EDUCATION

Bachelor of Science
University of Alberta

09/2012 – Present   *Edmonton, AB*

Notes
- SIP designation
- Expected graduation: December 2019

VOLUNTEER EXPERIENCE

Taekwondo Instructor
KH Min Taekwondo and Archon Taekwondo

06/2013 – 11/2017   *Edmonton, AB*

Tasks/Achievements
- Taught a class of 10+ adults two times a week
- Belts ranged from green belt to black belt
- Taught under Master Sera Prokopiw while training as a 4th Dan black belt

Volunteer Tutor
Ada's Team

02/2018 – 04/2018   *Edmonton, AB*

Tasks/Achievements
- Assisted students in computing science help
- Tutored once a week, as part of the Ada's team initiative at the University of Alberta, which represents marginalized groups in computing science
